World Environment Day 2020 celebrated at #EasternCoalfields

The theme of the event was “Biodiversity”. The event was graced by Shri Prem Sagar Mishra, Chairman-cum-Managing Director, ECL. Shri Jai Prakash Gupta, D (T) P&P, ECL; Shri Vinay Ranjan D (P), ECL, Shri B. V. Reddy, D (T) OP, ECL and Shri Gautam Chandra De, D (F), ECL were present on the occasion. The event was commemorated by flag hoisting by CMD ECL, followed by ceremonial tree plantation by all the Functional Directors and an awareness programme.

Shri Mishra, CMD, ECL highlighted the importance of Biodiversity and termed it as “Natural Biological Wealth”. He said that the company is transforming from Earth Breakers to Earth Makers. He said that the concept of sustainable development and intergenerational equity in India are age old. In this regard, he highlighted the shloka of Ishopanishad which embraces the need of protection of natural resources and people must not have greed for exploiting them.

Shri Gupta, D (T) P&P, ECL highlighting the contribution of ECL towards enrichment of biodiversity in the area said that every year ECL is doing plantation over 100 Ha and till date plantation over 3360 Ha has been made. This year also ECL is going to do plantation over 129 Ha in its Command Areas.

Shri Vinay Ranjan, D(P), ECL urged upon the need of conservation stating that 5% of the world’s population is conserving 80% of biodiversity, the rest 95% population needs to take steps to conserve 20% of the biodiversity which can be done by taking small steps in our daily life.

Shri Reddy, D (T) OP, ECL highlighted the importance of recycling of the waste and mission 10R of ECL. He said that CoVID-19 has shown that nature takes care of itself and the awareness about environment should be specific and percolated downward.

Shri De, D (F), ECL said that earth is a beautiful gift of God and we all must take steps for conservation of mother nature.

ECL is doing large scale plantation works and has developed 26 rainwater harvesting structures with a combined approximate roof top area of 33,800 square meters which has led to approximate recharge by 44,000 cubic meter of groundwater. He said that the company has identified 36 Acres of land and is in process of development of ecotourism spot in mining area of Jhanjra.
Observing World Environment Week 2020 by Sonepur Bazari Area

Sonepur Bazari Area is Observing World Environment Week from 01-06-2020 to 05-06-2020 with this year theme of "Biodiversity" under mission SuDESHH.

With concern over extinction of marine biodiversity, Sonepur Bazari Area tried to build up and Rejuvenate Pond Ecosystem at New V.N Colony artificially made pond. In initial stage of development of Pond Ecosystem variety of fishes, fish egg, fish food, snails, aquatic floating plants like lotus, water lilies were added to pond.

ENT OPERATING MICROSCOPE

A new state of the art ENT operating microscope with HD camera installed at Central Hospital Kalla of ECL.

This new operating microscope will help the doctors to perform Tympanoplasty – a surgical operation performed for the reconstruction of the eardrum and/or the small bones of the middle ear, radical Mastoidectomy - a procedure to remove the mastoid air cells, air bubbles in the skull, near the inner ear, Stapedectomy - a surgical procedure of the middle ear performed in order to improve hearing and Vocal Cord Polyp surgery.
