(CMM) and Guidelines for eprocurement & Reverse Auction for works and Services

Dear Sir,

Due to some recent cases of quoting abnormally low prices by the bidders during reverse auction,
FDs of CIL in their 155th meeting held on 20th July 2016, have agreed for following amendments in
MCEW, CMM and Guidelines for eprocurement & Reverse Auction for works and Services.

1. **Decrement value**: The reduction shall have to be made as per decrement value or in multiple
there on. The maximum seal percentage in one go shall be fixed as 2% over and above existing
normal decrement of 0.5% i.e. total 2.5% of start bid price/last quoted price during reverse
auction, whichever is lower.

2. **Payment of EMD**: Payment of EMD shall be made through online mode in favour of
CIL/Subsidiary companies account only. EMD for CMM tenders would be 1% of
Estimated/Annualized value (whichever is less), subject to maximum of Rs. 50.00 lakhs. EMD
for Civil tenders would also be 1% of Estimated value, subject to maximum of Rs. 50.00 lakhs.

3. **Penalty**: If the bidder defaults in satisfying Techno-commercial criteria, full EMD will be
forfeited.

4. **Breakup of Price**: Bidders shall not be allowed to increase the initial quoted rate of any item
while submitting the breakup of price after reverse auction.

The above amendments will be applicable for all the future tenders which are yet to be floated. It
may further be noted that point no.1 above (Decrement value) will be applicable for those tenders
also which have already been floated but whose reverse auction has not yet taken place.

Contd...2
The details of existing clause vs amended clause of MCEW, CMM and Guidelines for eprocurement & Reverse Auction for works and Services are attached in Annexure-I.

Yours faithfully,

In order to have ease of submission of reverse auction bid by the bidders, it is suggested that decrement value may be rounded off to nearest value as under:

(a) For decrement values up to Rs.10/-, rounding off may be made to nearest rupee.

(b) For decrement values from Rs.11/- to Rs.100/-, rounding off may be made to nearest 10.

(c) For decrement value from Rs.101/- to Rs.1,000/-, rounding off may be made to nearest 100.

(d) For decrement value from Rs.1,001/- to Rs.10,000/-, rounding off may be made to nearest 1000.

and so on ......
2. For cases where the unit rate is low and quantum of item is huge, if the decrement value in terms of 0.5% works out to be in paisa and rounding off to nearest rupee, would be much higher than 0.5% of start bid value, the unit of measurement may be adjusted in such a way so that decrement value may remain in the range of 0.5% or Rs.1/- whichever is higher.

For example, Tender for any item, whose unit of measurement is in KG and having low unit rate may be invited in terms of 10 KG or 100 Kg, as may be considered appropriate, as unit of measurement.

The information provided and documents uploaded by L1 bidder will be evaluated as per relevant clauses.

If L1 bidder qualifies all the criteria, he will be asked to submit original BG either in person or by post which must be received in the office of Tender Inviting Authority within 7 (seven) working days. If the bidder fails to submit the original BG then bidder will be debarred for 1 (year) from participating in future tender of CII/Subsidiaries.

The BG against EMD shall be taken for tenders where EMD is amounting Rs. 5 lakhs or more. In tenders with EMD less than Rs five lakh only online mode of payment shall be enabled.

The date of validity of BG shall be mentioned in the NIT and it should counted as Original End date of Submission of Tender + Bid validity Period + 90 days.

In case of exemption of EMD the scanned copy of document (attested by notary public) in support of exemption will have to be uploaded by the bidder during bid submission. However, this option is to be enabled only in those cases where the exemption of EMD to some bidders is allowed as per NIT.

The Earnest money for tenders should be 1% (one percent) of estimated value of work subject to a maximum of Rs.50 lakhs. This shall be deposited in the manner as described in the procurement guidelines.

Demand Drafts/Banker’s cheque will be acceptable as Earnest Money/ Bid Security for tenders having estimated value below Rs. 2 lakhs.

The Earnest Money/ Bid Security shall bear no interest.
Earnest money received in the form of Banker’s Cheques /Bank Draft shall be deposited to the associated Accounts Department. Earnest money to be refunded to the unsuccessful tenderers as per clause 4.06.4.

On receipt of Bank Guarantee, an independent reference shall be made to the issuing Bank for confirming the issue of BG. Such confirmation shall be obtained by associate finance of GM—for Area works or associate finance dealing with Civil department—for Head Quarter works. Such associate finance shall monitor validity of the BG and its timely renewal/encashment. The BG shall be kept under the custody of Area Accounts Deptt.—for works related to Area—or associate finance dealing with Civil department—for Head Quarter works. Finance department shall inform GM(Civil), HoD/SO(Civil) before any action related to renewal/encashment.

In case where bid validity is mutually extended, earnest money deposited in the shape of
Bank Guarantee by the bidder shall be extended suitably to cover such extension. The responsibility for seeking such extension shall be with the dealing officer dealing such tender.

Note:
Notice inviting tender shall specifically indicate requirement of BG validity i.e., date up to which BG submitted as Earnest Money shall remain valid.

— Minimum validity period of BG shall be fixed in the Notice as under

— If the last date of submission of bid, (first time) if any, is 31-03-2014, the validity of BG submitted shall be
  — for minimum 120×90 days i.e. at least up to 26-10-2014. The notice should clearly spell that validity of bid
  — shall be up to 26-10-2014.

However, if the last date of submission of bid is up to 31-03-2014 which has been revised/extended to
  15-04-2014 due to reasons other than non-availability of three bids, only bids submitted with validity of
  BG up to 10:11:2014 shall be considered as valid (considering 210 days from 15.04.2014). The notice shall
  clearly state that validity of bid is required up to 15-04-2014.

It is clarified that if, due to non-availability of three bids on
31.03.2014, bid submission has been extended up to 02.04.2014 and then again up to 07.04.2014, all bids submitted with validity of BG up to 26.10.2014 shall be considered as valid irrespective of its date of submission which may be up to 07.04.2014.

The above also explains the necessity for mentioning validity of BG in the Notice by the notice inviting authority. The above calculation is based on bid validity for e-tender.

However, in case of tenders having relaxation in eligibility criteria for co-operative societies formed by PAPs (Project Affected Persons), there will be provision for offline submission of bids by PAPs and online submission of bids by bidders other than PAPs in the same tender. The NIT should contain the appropriate clause for this provision like exemption of EMD and offline submission of bid by PAPs.

4.2 The bidders will have to accept unconditionally the online User Portal Agreement which contains the acceptance of all the Terms and Conditions of NIT including General and Special Terms & Conditions, Integrity Pact and other conditions, if any, along with online undertaking in support of the authenticity of the declarations regarding the facts, figures, information and documents furnished by the Bidder online in order to become an eligible bidder. No conditional bid shall be allowed/accepted. This User Portal Agreement (Refer Cl.No.7 of Chapter-I) will be a part of NIT/Contract Document.

4.3 In the undertaking given by bidder online, there will be provision for penal action, if any information/declaration furnished online by the bidder against eligibility criteria is found to be wrong at any stage which changes the eligibility status of the bidder.

4.4 The bidder will have an option for submitting EMD through either ONLINE or OFFLINE mode (Only through BG).

In Online mode the bidder can make payment of EMD either through net-banking from designated Bank/s or through NEFT/RTGS from any scheduled Bank. In case of payment through net-banking the money will be immediately transferred to CIL/Subsidiary's designated Account. In case of payment through NEFT/RTGS the bidder will have to make payment as per the Challans generated by system on e-Procurement portal and will have to furnish online the UTR Numbers before submission of bid. Bidder will be allowed to submit his/her bid only when the EMD is successfully received in CIL/Subsidiary account and the information flows from Bank to e-Procurement system.

In Offline mode the bidder can make payment of EMD in the form of Bank Guarantee(BG) (if applicable) from any scheduled bank. The bidder will furnish all the details online i.e. BG Number, date of issue, expiry date, name of issuing bank and amount etc. regarding EMD. The information provided and documents uploaded by L1 bidder will be evaluated as per relevant clauses. If L1 bidder qualifies all the criteria, he will be asked to submit original BG either in person or by post which must be received in the office of Tender Inviting Authority within 7(seven) working days. If the bidder fails to submit the original BG then bidder will be debarred for 1(year) from participating in future tender of CIL/Subsidiaries.

The BG against EMD shall be taken for the tenders where EMD is amounting Rs 5 lakhs or more. In tenders with EMD less than Rs five lakh only online mode of payment shall be enabled.

The date of validity of BG shall be mentioned in the NIT and it should counted as Original End date of Submission of Tender + Bid validity Period + 90 days.

In case of exemption of EMD the scanned copy of document (attested by notary public) in support of exemption will have to be uploaded by the bidder during bid submission. However, this option is to be enabled only in those cases where the exemption of EMD to some bidders is allowed as per NIT.

In case of discrepancy between the online submitted information regarding the instruments for EMD and the original BG being submitted by the bidders, the later shall prevail if the instrument is found to be valid.
on the date of submission of the tender by the bidder and if it does not change the eligibility status of the bidder.

4.7 The information will be provided by the bidder by filling up relevant data through a form in an objective and structured manner. The software will use the information provided by the bidders to evaluate the technical bid automatically.

4.8 For online submission of tender the bidders will have to upload “Letter of Bid”, all the confirmatory documents as prescribed in the NIT and TPS( if applicable) in Cover-I and only “Price-bid” in Cover-II. In case of EMD exemption one more document in support of the claim of EMD exemption will have to be uploaded by the bidder in cover I.

i). Letter of Bid: The format of Letter of Bid (as given in the NIT) will be downloaded by the bidder and will be printed on Bidder’s letter head and the scanned copy of the same will be uploaded during bid submission in cover-I. This will be the covering letter of the bidder for his submitted bid. The content of the “Letter of Bid” uploaded by the bidder must be the same as per the format downloaded from website and it should not contain any other information.

The Letter of bid will be digitally signed by DSC holder submitting bid online and it does not require any physical signature. The Price-bid will be in Item Rate or Percentage Rate BOQ format and the bidder will have to quote for all the tendered items and the L-1 will be decided on overall quoted value(i.e. Cost to company). The Price-bids of the tenderers will have no condition. The Price Bid which is incomplete and not submitted as per instruction given above will be rejected.

v). However, in case of tenders having provision for exemption of EMD, the bidder claiming for exemption will have to upload the requisite document as specified in NIT in support of their claim for exemption of EMD.
4.9 If there is any change in the contents of Letter of Bid uploaded by bidder as compared to the format of Letter of Bid uploaded by the department with NIT document, then the bid will be rejected. However inclusion of any additional redundant information by the Bidder in the submitted Letter of Bid(LOB), which does not contradict the content and spirit of original format of LOB uploaded by department will not be a cause of rejection of his/her bid.

4.10 **Modification and withdrawal of Bid**: Modification of the submitted bid shall be allowed online only before the deadline of submission of tender and the bidder may modify and resubmit the bid online as many times as he may wish.

Bidders may withdraw their bids online within the end date of bid submission and their EMD will be refunded. However, if the bidder once withdraws his bid, he will not be able to resubmit the bid in that particular tender. For withdrawal of bid after the end date of bid submission, the bidder will have to make a request in writing to the Tender Inviting Authority. Withdrawal of bid may be allowed till issue of work order/LOA with the following provision of penal action:

Additionally, information shall also be sent by system generated e-mail and SMS at nodal points (Date of bid opening, Requisition for Clarification on Confirmatory document from L-1 bidder, award of work etc.). No separate communication will be required in this regard. Non-receipt of e-mail and SMS will not be accepted as a reason of non-submission of Confirmatory documents within prescribed time. This will be specifically mentioned in the NIT. The Tender Status will be in public domain and anyone visiting the site can view it by identifying the tender.

5. **Automatic Evaluation(Technical)**:

5.1 The e-Procurement System will evaluate the Technical bids automatically on the basis of relevant data provided by bidder through a form in an objective and structured manner while submitting bid. If the parameter given by bidder in objective and structured manner does not confirm to required eligibility criteria as specified in the tender document then the bid will be automatically rejected by the system. The system will automatically upload the technical opening summary and technical evaluation summary.
5.2 Acceptance of Bidder in a general form of online declaration will be recognized and accepted as the certification regarding authenticity of all the information and documents furnished by them online and acceptance of all terms and conditions of the bid document, since such acceptance by Bidder with Digital Signature Certificate is legally tenable.

6. OPENING AND EVALUATION OF TENDER:

6.1 Opening of bid: Tender (Cover-I and Cover-II) will be decrypted and opened online by the “Bid Openers” with their Digital Signature Certificates on the prescheduled date & time of Tender Opening. From now on there will be two cases, one is tender-cum-auction and other is tender.

Tenders: In case of tenders, after opening of bid, comparative statement showing the status of bidders will be generated.

Tender-cum-auction: In this case after the opening of bid, the system will show lowest rate quoted by bidder(L1). The auction(reverse) will have to be created for tender, with estimated cost as circulated by CIL, after opening of bid. The Guidelines on Revised e-Procurement Process & e-Reverse auction are detailed separately in Annexure-I.

6.2. Tender/Tender cum auction evaluation:

A. After opening of Price-bid(after finishing reverse auction in case of tender cum auction), the documents submitted by L-1 bidder in cover I as enlisted in the NIT will be downloaded by the Evaluator and shall be put up to the Tender Committee. The Tender Committee will examine the uploaded documents against information/declarations furnished by the L1 bidder online. If it confirms to all of the information/declarations furnished by the bidder online and does not change the eligibility status of the bidder then the bidder will be considered eligible for award of Contract.

B. In case the Tender Committee finds that there is some deficiency in uploaded documents by L1 bidder then the same will be specified online by Evaluator clearly indicating the omissions/shortcomings in the uploaded documents and indicating start date and end date allowing 7 days (7 x 24 hours) time for online re-submission by L1 bidder. The L-1 bidder will get this information on their personalized dash board under “Upload confirmatory document” link. Additionally, information shall also be sent by system generated email and SMS, but it will be the bidder’s responsibility to check the updated status/information on their personalized dash board regularly after opening of bid. No separate communication will be required in this regard. Non-receipt of e-mail and SMS will not be accepted as a reason of non-submission of documents within prescribed time. The bidder will upload the scanned copy of all those specified documents in support of the information/declarations furnished by them online within the specified period of 7 days. If the L1 bidder fails to submit the specified document/s in 7(seven) days, 7 more days (7 x 24 hours) of time may be given by Evaluator clearly indicating the omissions/shortcomings in the uploaded documents and indicating start date and end date for submission of such document/s.

C. The tender will be evaluated on the basis of documents uploaded by L-1 bidder online. The L-1 bidder is not required to submit hard copy of any document through offline mode. Any document submitted offline will not be given any cognizance in the evaluation of tender.

D. In case the L-1 bidder submits requisite documents online as per NIT, then the bidder will be considered eligible for award of Contract. .
E. In case the L-1 bidder fails to submit requisite documents online as per NIT or if any of the information/declaration furnished by L-1 bidder online is found to be wrong by Tender Committee during evaluation of scanned documents uploaded by bidder, which changes the eligibility status of the bidder (for the first time), then his bid shall be rejected and EMD or Rs. 1.00 lakh, whichever is lower, of L-1 bidder will be forfeited.

F. In case of submission of EMD in the form of BG, if L1 bidder fails to submit the original BG within 7(seven) days as per clause 4.4, his bid will be rejected and he shall be debarred for a period of 1(one) year for participating in the future tenders of CIL/Subsidiary.

G. In case the L1 bidder is technically eligible but rejection is due to high rate quoted by him/her then the tender shall be cancelled and retendered.

H. In case the L1 bidder is rejected due to noncompliance of confirmatory documents(including non-submission of original BG) then the L-2 bidder will become L-1 bidder and confirmatory documents of this bidder shall be evaluated by TC and the process shall be followed as mentioned in clause no. A to F above.

I. The process as mentioned at Cl. H shall be repeated till the work is either awarded or all the eligible bidders are exhausted.

J. In case none of the bidder complies the technical requirement, then re-tender will be done (with the same or different quantity, as per the instant requirement).

K. The L-1 bidder/s( either L-1 or subsequently declared L-1) fails to submit the requisite documents online as per NIT or if any of the information/declaration furnished by L-1 bidder/s online is found to be wrong by Tender Committee during evaluation of scanned documents uploaded by bidder, which changes the eligibility status of the bidder, in two tenders, floated by the same tender inviting authority, within a span of one year (to be counted with respect to date of e-publication of NIT), then his bid shall be rejected and the EMD of L-1 bidder will be forfeited.

L. It is responsibility of Bidders to upload legible/clearly readable scanned copy of all the required documents as mentioned above.

Note:

i). This letter will be circulated to all the areas of CIL/Subsidiary.

6.3 The Tender Committee will recommend for award of work to the successful bidder after evaluating their technical eligibility based on the computer generated evaluation sheets followed by evaluation of the scanned documents uploaded by L-1 bidder in support of the information furnished by them online and after evaluation of the reasonableness of L-1 rates. The reasonableness of rates will be evaluated as per the provisions of Manual of CIL and other guidelines issued from time to time.

The approval for award of work to L-1 bidder will be accorded by the competent authority as per Delegation of Power based on the TC recommendation.

6.4 After competent approval and financial concurrence of TCR, the work order to the L-1 bidder will be issued and the scanned copy of the Work Order will be uploaded on the e-Procurement portal and simultaneously the original copy will be sent to the bidder through registered/speed post.
6.5 Any tender hosted on the e-Procurement site must be logically concluded i.e. either Award of work is issued at AOC page on e-Procurement portal in online mode or the tender is cancelled/retendered online through corrigendum.

6.6 EMD Refund:

a. If EMD is paid by the bidder in online mode (Direct Debit/NEFT/RTGS) then the EMD of rejected bidders will be refunded at any stage directly to the account from where it had been received (except the cases where EMD is to be forfeited).

b. No claim from the bidders will be entertained for non-receipt of the refund in any account other than the one from where the money is received.

c. If the refund of EMD is not received by the bidder in the account from which the EMD has been made due to any technical reason then it will be paid through conventional system of e-payment. For this purpose, if required, Tender Inviting Authority will obtain the Mandate Form from the Bidder.

d. In case the tender is cancelled then EMD of all the participating bidders will be refunded unless it is forfeited by the department.

e. If the bidder withdraws his/her bid online (i.e. before the end date of submission of tender) then his/her EMD will be refunded automatically after the opening of tender.

f. The EMD of successful bidder (on Award of Contract) will be retained by CIL/Subsidiary and will be adjusted to Performance Security Deposit. However, EMD deposited by the L-1 bidder in the form of BG will be discharged when the bidder furnishes the required Performance Security Deposit (PSD) and sign the agreement.

7. REVOCATION OF TENDER PROCESS: The online evaluation of tender must be performed by the Evaluator with utmost care and diligence. The Evaluator of tender must ensure that the decision of Tender Committee is correctly uploaded on the e-Procurement portal.

However, there may be situation when the decision of Tender Committee may have to be changed subsequently on account of a Court’s verdict. Also, there may be circumstances when online evaluation of tender is not done correctly due to mistake by the Evaluator or due to technical error in the system, which may lead to cancellation of tender.

In order to avoid the cancellation of tender in such cases, the tender process needs be reverted back to appropriate stage (i.e. bid Opening stage etc.) to comply with the Court’s verdict or to rectify the error committed by the Evaluator. This provision in the e-Procurement system has been introduced with an objective to abide by the Court’s verdict or to ensure that the tender process should not suffer due to any mistake committed by an individual or due to any technical error in the system.

Revocation of Tender process back to Technical-bid opening stage or Price-bid opening stage from an advanced stage shall be done under the following circumstances:

a. To comply with the directives of Hon’ble Court of Law.

b. If the Evaluator makes a mistake in online evaluation of tender, which is not in line with the Tender Committee decision?

c. If there is a error in the online evaluation of tender due to technical error in the system.

Revocation of Tender process will be done with the specific approval of the concerned Director.
In all such cases the Tender Revocation Notice must contain the details of the circumstances leading to revocation of tender process.

The Revocation of Tender on the e-Procurement portal can be done by way of creation and publication of corrigendum. However, since Revocation of Tender, in true sense, is not a Corrigendum to NIT, the Tender Revocation Notice will be uploaded only on the e-Procurement portal.

In case of revocation of Tender at any stage the auto-refund of EMD may not work properly and in such case it may be required that Tender Inviting Authority to arrange refund of EMD through conventional system of refund of EMD.

8. CANCELLATION OF TENDER: Any tender published on the e-Procurement portal must be concluded to its logical end i.e. either “Award of Contract” or “Cancellation of Tender” or “Retender”.

It will be the responsibility of the Publisher of tender to conclude the published tenders to its logical end within the original bid validity period.

Tenders should be cancelled only under exceptional cases with due approval of Tender Approving Authority. In case of tenders where Board of Directors of CIL/Subsidiary is the Tender Approving Authority, in such cases the approval of Chairman/CMD, CIL/Subsidiary will be required. However, for cancellation of Tender due to non-receipt of any bid, no approval will be required.

In all such cases the Tender Cancellation Notice must contain the details of the circumstances leading to cancellation of tender.

The Cancellation of Tender on the e-Procurement portal can be done by way of creation and publication of corrigendum. However, since Cancellation of Tender, in true sense, is not a Corrigendum to NIT, the Tender Cancellation Notice will be uploaded only on the e-Procurement portal.

9. All the details of technical bid and price bid will be kept preserved in the archives for auditing purposes and the same can be accessed with special authorization. The IP address of all the bidders who has participated in the bid along with timing and date will also be kept preserved in the system.

10. The processes for entering into the agreement with the successful bidder will be done offline as per the prevailing manual system. However, the documents required to be submitted by contractor for executing the agreement will be specified in the Tender document.

iv. Percentage (%) share of each experience (100% in case of an Individual/proprietorship firm or a partner in a partnership firm and the actual % of share in case of a Joint Venture/Consortium).

v. Executed Value of work against each experience

vi. In case the bidder is a Joint Venture, work experience as above may be furnished as the work experience of the bidder.

Technical evaluation by the System:

i. The system shall calculate the period of 7 years backwards starting from the last day of month previous to the e-Publication date of NIT.

ii. The system shall check the End date of each experience (The system shall not allow more than 3 entries for experience) and accept it as a qualifying experience if the end date of experience falls within the 7 years computed by the system.

iii. The system shall calculate the value of each qualifying experience by multiplying the value with the % share of experience and adding 5% for each completed year (total No. of days/365) after the end date of experience of work till the last date of month previous to one in which the NIT has been published on e-Procurement portal.

iv. The system shall check the experience with highest value whether it exceeds 80% of ECV. In case it does not, it shall check the top 2 experiences whether each of them is greater than 50% of ECV. In case, it still does not, the system shall check all 3 qualifying experiences whether each of them exceeds 40% of ECV. The system shall regard the bidder as 'Eligible' if it meets any of the aforementioned criteria or else it shall consider the bidder as 'Ineligible'.

v. The weightage of 5% every year will be on simple rate and will not be compounded on yearly basis for the purpose of calculating the value of each qualifying experience.

vi. The work experience of the bidder for those works only shall be considered for evaluation purposes, which are completed before the last date of month previous to one in which NIT has been published on e-Procurement portal. Hence, the works which are incomplete/ongoing, as on the last date of month previous to one in which NIT has been published on e-Procurement portal, shall not be considered against eligibility.

vii. In case the work is started prior to the eligibility period of 7 years (counted backwards starting from the last day of month previous to the e-Publication date of NIT) and completed within the said eligibility period of 7 years, then the full value of work shall be considered against eligibility.

viii. In case the experience has been earned by the bidder as an individual or proprietor of a proprietorship firm or partner of a partnership firm, then 100% value of the experience will be considered against eligibility. But if the experience has been earned by the bidder as a partner in a Joint Venture firm then the proportionate value of experience in proportion to the actual share of bidder in that Joint Venture will be considered against eligibility.

ii. The system shall calculate the average of the financial turnover of 3 years furnished by the bidder by adding 5% for each completed year (total number of days/365) after the end of respective Financial Year (i.e. 31st March) till the last day of month previous to one in which e-Tender has been invited.

iii. The average shall be compared with the minimum requirement to ascertain the eligibility status of the bidder.

iv. If any bidder does not submit the Turnover value for any of the 3 years, the system will not disqualify him and instead shall consider all 3 years for computing the average by assuming a value of ‘zero’ for the year for which no information is given by bidder.

Guidelines on Revised e-Procurement Process & e-Reverse auction of Works and Services through NIC portal of Coal India Limited

A. Revised e-Procurement Process

1. The bidder shall upload their bids along with all the supporting documents in the e-procurement portal within the stipulated date of tender submission. EMDs are to be paid by the bidders in online mode, available in the system. However offline mode of EMD payment will be allowed for those Subsidiaries, who are yet to provide their Bank accounts or mapping of the Axis Bank accounts are completed by NIC/Axis Bank. EMD exemption documents will be uploaded as provided in the system, to be verified along with bid documents.

2. Extension of tender submission date in case of number of bids received are less than three, initially by two days and thereafter by five days will be done automatically by the system.

3. Tendering Inviting Authority (TIA) will design General Technical Evaluation (GTE), Technical Parameter Sheet (TPS) as per the tender requirement and may request bidder to upload their bid documents as specified in the NIT.

4. On scheduled date & time of tender opening and upon opening of the tender by the bid opening team, System automatically evaluates particulars as contained in GTE, TPS and other Commercial Parameters (to be combined in TPS).

5. Upon opening of the bids, GTE, TPS, BOQ and all other documents uploaded by the eligible bidders get opened and comparative statement of prices is generated by the system.

6. Supportive documents of L-1 bidder only, shall be downloaded for evaluation by the TIA.

7. After evaluation of the uploaded documents, shortfall documents, if required, are sought from the L-1 bidder. For this purpose, maximum 2 chances, each of 7x24 hours duration shall be given.

8. If the techno-commercial acceptability of L-1 bidder is established upon verification of uploaded documents and short fall documents if any, the case shall be considered by the tender committee. If the L-1 bidder happens to be defaulter upon verification, the documents of the next lowest bidder shall be downloaded for evaluation and short fall documents obtained if required. This process continues sequentially till techno-commercially acceptable L-1 is established.

9. The following penalties shall be imposed on the defaulting bidders:

<table>

<td>If bidder defaults in 2 tenders under same TIA in a span of one year, 100% of EMD is forfeited.</td>
</tr>
</tbody>
</table>

Note:

* The **zone of applicability** of penal provisions shall be **subsidiary specific**.

** The penal provisions will be squarely applicable to all those firms whose documents are examined on account of treating them as L-1 successively.

### B. General guidelines and Process Flow for Tender cum Auction:

Tenders issued from CIL, Subsidiary Hqrs and NEC, having tender value of Rs.1.00 Cr and above shall follow reverse auction process as under;

1. The Reverse Auction Process (RAP) requires selection of “Tender cum Auction” in "Form of contract" in the e-procurement portal of CIL, at the time of creation of tenders of value Rs. 1 Crore and above, invited from CIL, Hqrs of Subsidiaries and NEC.

2. Reverse Auction will be initiated after opening of price bids, as detailed above in case of normal tenders.

3. There will be no participation fees for e-Reverse auction.

4. Upon opening of the price bids, a reverse auction platform will be created, displaying only the L1 price received. No indication will be available in the portal to anybody regarding number of bids and names of the bidders.

5. System displays L1 cost to company price automatically in auction creation form and allows TIA to edit the value as 'start bid' price. For the time being L1 Price or approved estimated price+10%, whichever is lower will be the start bid price for tenders for works and services. The estimated price should be based on SOR (Schedule of Rates) and market analysed rates in case of items/services for which SOR is not available. Wherever SOR is not available, preparation of SOR should be made in a scientific manner based on proper justification on priority. If the L-1 price is higher than the Start Bid Price (Estimated+10%) and the RAP is not triggered within the scheduled time, the cases will be retendered.

6. The L1 price / start bid price is cost to the company price on which the auction will be initiated. At the end of reverse auction, the L1 bidder has to submit break up of prices conforming to the lowest landed rate quoted by him in the reverse auction. A stipulation to this effect shall be made in the NITs.

7. The L1 bidder after the reverse auction has to upload the Break up of cost to company Prices in the confirmatory documents. The detailed Break-up of offered cost to company price, uploaded by the
bidder shall be considered and order, if placed, shall be with the same break-up of prices. The L1 bidder after reverse auction will be responsible to ensure that the cost to company rate as per the break up of prices provided by him after the reverse auction and the L1 cost to company rate offered by him in the reverse auction is exactly same, otherwise it may be treated as defaulter and will attract penal action. While giving the break up, the bidder will have to consider same rate of taxes and duties as quoted while submitting the e price bid. In case the L1 bidder fails to submit the break-up of cost to company price within stipulated period, the Company will be at liberty to place order on the basis of the breakup of the e-price bid submitted by the bidder along with the initial offer and the same will be binding on the bidder.

8. The decrement value will be 0.5 % of the start bid price with minimum of Rs.1/-, as the system does not have a provision of taking amounts less than Rs.1/- as decrement value. The reduction shall have to be made as per decrement value or in multiple thereof.

In order to have ease of submission of reverse auction bid by the bidders, it is suggested that decrement value may be rounded off to nearest value as under:

(a) For decrement values up to Rs.10/-, rounding off may be made to nearest rupee.

(b) For decrement values from Rs.11/- to Rs.100/-, rounding off may be made to nearest 10.

(c) For decrement value from Rs.101/- to Rs.1,000/-, rounding off may be made to nearest 100.

(d) For decrement value from Rs.1,001/- to Rs.10,000/-, rounding off may be made to nearest 1000.

and so on......

For cases where the unit rate is low and quantum of item is huge, if the decrement value in terms of 0.5% works out to be in paise and rounding off to nearest rupee, would be much higher than 0.5% of start bid value, the unit of measurement may be adjusted in such a way so that decrement value may remain in the range of 0.5% or Rs.1/- whichever is higher.

For example, Tender for any item, whose unit of measurement is in KG and having low unit rate may be invited in terms of 10 KG or 100 Kg, as may be considered appropriate, as unit of measurement.

9. Initial period of reverse auction will be two hours. There will be auto extensions of time every time by ten minutes in case of any reduction recorded in the last ten minutes. The reverse auction will come to a close only when there is no further reduction recorded in the last ten minutes slot.

10. System protects bid and bidder information till auction gets over and displays current L1 price to the bidder in auction hall.

11. System provides bidder details along with bid documents at the end of reverse auction process.

12. The log details of the entire reverse auction process will be generated by the system once the process of reverse auction is completed.

13. If a bidder does not submit his bid in the Reverse Auction, the price quoted by him in the price bid shall be considered as the valid price of that bidder. The status of the bidder (L1, L2 etc) shall be
evaluated considering either the bid price submitted in Reverse auction or the Price quoted in the price bid, whichever is lower.

14. Since, reverse auction is a sequel to e-tender, the process of finalizing the tender upon completion of reverse auction will be same as the tender process without reverse auction.

15. Business rules like event date, time, methodology of start bid price and bid decrement value, extensions, etc. also shall be indicated in NIT for information of bidders.

16. CIL will provide the calculation sheet (e.g.: EXCEL sheet) which will help to arrive at “Total Cost to CIL” by the vendor, like Taxes and duties, Insurance, Service tax etc, to enable them to fill-in the price and keep it ready for keying in during the Reverse auction.

17. The bid history shall reflect only the landed price. The landed price shall also not be same for two bidders even if any bidder makes such an attempt.

18. Only the chronologically last bid submitted by the bidder till the end of the auction shall be considered as the valid price bid of that bidder. Any bid submitted earlier by the bidder prior to submission of his last bid will not be considered as the valid price bid.

19. Server time shall be the basis of Start time & Closing time for bidding and shall be binding for all. This would be visible to all concerned.

20. On expiry of the closing of the auction, the bid history showing all the last valid bids offered along with name of the bidders shall be published. All bidders shall have the facility to see and get a print of the same for their record.

21. All electronic bids submitted during the reverse auction process shall be legally binding on the bidder. The chronologically last bid submitted by the bidder till the end of the auction will be considered as the valid price bid offered by that bidder and acceptance of the same by CIL will form a binding contract between CIL and the bidder for entering into a contract.

22. Conditional discounts shall not be considered. If a bidder offers a discount unilaterally after submission of bid, the discount shall not be considered for evaluation of offers but shall be availed if order is placed on such tenderer.

23. If the lowest price received during reverse auction is unreasonable or it is unacceptable on ground of being too high or too low compared with estimated price, the management reserves right to seek justification of the price from lowest bidder. If the price is not considered reasonable, management may not accept such bid and go for another tender process.

24. In case of disruption of service at the service provider's end while the RAP is online, due to any technical snag or otherwise attributable to the system failure at the server end, the RAP process will start all over again. In such a situation, the last recorded lowest price of prematurely ended RAP, will be the 'Start Bid' price for the restarted RAP. The prices quoted in the prematurely ended RAP will be binding on all the bidders for consideration, if the restarted RAP does not trigger within the stipulated time. A provision to this effect should be made in the NIT.
Disruption and restarting of RAP shall be intimated to all the bidders through system/SMS/e-mail through e-procurement portal. All the time stipulations of normal RAP will be applicable to the restarted RAP.

25. TIA will incorporate suitable stipulations in the NITs for all tenders in accordance with the above features and guidelines.

The above e-procurement process and guidelines shall be effective for the tenders floated w.e.f. 15th January, 2016. However, the ongoing tenders shall remain available in the CIL e tender portal for evaluation by the TIA in the existing method till their logical conclusion.

All those provisions of Manual for Civil Engineering Works(MCEW), Contract Management Manual(CMM) and e-procurement Manual, which are not replaced by the above provisions, will remain unaltered.
