To
The Director In-Charge (Marketing),
BCCL/ ECL/ CCL/ NCL/ MCL/ SECL/ WCL

Dear Sir,

Sub: Extension of Usance LC facility Power and Non Regulated Sector Consumers

The Board of Directors of CIL in its 402nd meeting held on 16.4.2020 has approved the methodology for extending the Usance LC for the following categories of consumers:

a. Power Sector Consumers drawing coal supplies under the FSAs.
b. Non-Regulated Sector Consumers drawing coal supplies under the FSAs executed under linkage auction route.
c. Special Forward e-Auction Scheme
d. Exclusive e-Auction Scheme

The modalities for extension of the Usance LC for the above categories of consumers based on the above said approval of CIL Board is attached.

The Subsidiary Companies are advised to immediately notify the modalities to the consumers and take further actions for the implementation of the decision.

Thanking you,

Yours faithfully,

(S.N. Tiwary)
Director (Marketing)

Methodology extending Usance LC for the coal supplies under the FSAs and Special Forward e-Auction Scheme and Exclusive e-Auction Schemes

A. For Power Sector Consumers for supplies under the FSAs:

1. Usance LC facility shall be extended as an option of payment for power consumers (Buyer) drawing coal supplies through FSAs, in addition to advance payment and Irrevocable Revolving Letter of Credit (IRLC).

2. Buyer shall open an Irrevocable Letter of Credit (Usance LC) favoring the Coal Company (Seller). The Buyer shall open the LC for an amount equivalent to 50% of Coal Value i.e., As Delivered Price of Monthly Scheduled Quantity (MSQ) under the FSA.

3. The Usance LC shall have the following conditions inter-alia:
   a. All Bank Charges including opening charge of Usance LC and discounting charges to be borne by the applicant (Buyer).
   b. Payment would be made within 3-5 working days upon submission of the Pro-forma invoice by the Seller through RTGS/NEFT as per the instruction of Advising/Negotiating Bank.
   c. Discrepancies acceptable except quantity and value.
   d. Beneficiary (Coal companies) shall get payment on sight basis from Advising/Negotiating Bank on due date upon receipt of acceptance for making payment from Issuing Bank. Discounting interest and all other bank charges will be borne by the applicant.

4. Post receipt of the LC, Advising/Negotiating Bank shall intimate the Seller.

5. Seller shall submit the Pro-forma Invoice towards the As Delivered Price of the despatch quantity along with the Railway Receipt (RR), in case of despatch by Rail mode. If there is delay in issue of RR, the pro-forma invoice shall be accompanied with the copy of Forwarding Note and Electronic Print out (EPO) of weighment. The pro-forma invoice shall be raised on rake to rake basis in case of rail dispatches and on daily basis in case of despatch by other modes. The Coal Companies shall make arrangements for submission of soft copies of the documents i.e., pro-forma invoice and RR/Forwarding Note/EPO etc., to the Advising Bank within 24 hrs of generation of EPO.

6. The LC shall have the provision for the Seller to submit the documents in soft copy and/or Buyer shall submit an undertaking/declaration from the Issuing Bank that soft copy of documents shall be accepted for processing of acceptance of payment. Seller shall submit the documents in soft copy along with digital signature (if required).
7. The Advising/Negotiating Bank shall process the documents promptly and credit the invoice value to seller account within 3 to 5 working days upon receipt of soft copy of the documents from the Seller. The Advising/Negotiating Bank shall get necessary acceptance from the LC issuing bank. Buyers shall ensure that Issuing Bank processes the acceptance immediately upon receipt of soft copy of documents from the Advising/Negotiating Bank, so that the payment is credited to Seller's account within 3 to 5 working days.

8. In case the payment is not made to the Seller within the stipulated time of 3 to 5 working days, Seller shall charge interest @ SBI MCLR (3 months) as applicable on the due date of payment under the LC plus 3% (three percent) for the entire period for which the payment has remained overdue. Further dispatch to the Buyer will be stopped for the Buyer during the period of default. Repeated failure of the Advising Bank to release the payments against the pro-forma invoice within the prescribed timeframe shall give right to the Seller to refuse the LC facility of payment to the Buyer. The LC shall have the provision for the negotiation of such interest bills also.

9. To avoid any operational delays, Coal Consumers shall, preferably open Usance LC with the same bank as the Advising/Negotiating Bank of the Coal Companies. The list(s) of Advising/Negotiating Banks of the Coal Companies shall be circulated by the respective Subsidiary Coal Company.

10. The applicant of Usance LC (Coal Consumer) shall bear the discounting charges and any other bank charges to be charged by the Advising/Negotiating Bank.

11. It should be ensured that there should not be any recourse to the Seller.

12. In addition to Usance LC, the Buyer shall pay advance amount equivalent to seven (7) days coal value by way of Demand Draft/Banker's cheque/NEFT/RTGS.

13. In case of arrear rakes remaining pending for movement at the end of the validity period of the FSA, the Buyer shall extend the validity period of the LC for a further period as may be decided by the Seller or the extant system of advance payment shall be made applicable for such pending rakes. Otherwise, the pending arrear rakes shall be liable to be cancelled at the cost and responsibility of the Buyer.

B. For Non-Regulated Sector Consumers drawing supplies under FSAs by Road mode:

1. The facility shall be extended only for supplies under the FSAs executed through linkage auction route.
2. Buyer shall open an Irrevocable Letter of Credit (Usance LC) favoring the Coal Company (Seller). The Buyer shall open the LC for an amount equivalent to 50% of Coal Value i.e., As Delivered Price of Monthly Scheduled Quantity (MSQ) under the FSA.

3. The Usance LC shall have the following conditions inter-alia:
   a. All Bank Charges including opening charge of Usance LC and discounting charges to be borne by the applicant (Buyer).
   b. Payment would be made within 3-5 working days upon submission of the Pro-forma invoice by the Seller through RTGS/NEFT as per the instruction of Advising/Negotiating Bank.
   c. Discrepancies acceptable except quantity and value.
   d. Beneficiary (Coal companies) shall get payment on sight basis from Advising/Negotiating Bank on due date upon receipt of acceptance for making payment from Issuing Bank. Discounting interest and all other bank charges will be borne by the applicant.

4. Post receipt of the LC, Advising/Negotiating Bank shall intimate the seller.

5. Buyer shall submit an application to the Seller indicating the quantity for which the DO is desired against the MSQ and advising the Seller to realize the advance amount towards the 'As Delivered Price' of the ordered quantity (i.e., DO quantity) by negotiating a Pro-forma Invoice under the Usance LC. The total value for which DO shall be issued at a time shall not exceed the amount of the LC.

6. Seller shall raise a Pro-forma Invoice towards the 'As Delivered Price' of the quantity for which DO is required to be issued against the MSQ and negotiate it under the Usance LC. Seller shall submit the pro-forma invoice in soft copy along with digital signature (if required). The Usance LC to be established by the Buyer shall have the provision that the soft copy of pro-forma invoices/ documents shall be accepted under the LC for releasing the payment to the Seller.

7. The Advising/Negotiating Bank will process the documents promptly and credit the value of the pro-forma invoice within 3 to 5 working days on receipt of the soft copy of the pro-forma invoice.

8. In case the payment is not released by the Advising Bank to the Seller within 3 to 5 working day of receipt of soft copy of pro-forma invoice, the Seller may accept the payment directly from the Buyer, if the payment is made within the due date of payment notified by the Seller for acceptance of payments against the MSQ.
9. Repeated failure of the Advising Bank to release the payments against the pro-forma invoice within the prescribed timeframe shall give right to the Seller to refuse the LC facility of payment to the Buyer and further payments shall be received only by way of NEFT/RTGS from the Buyer’s account.

10. To avoid any operational delays, Buyer shall, preferably open Usance LC with the same bank as the Advising/Negotiating Bank of the Coal Companies. The list(s) of Advising/Negotiating Banks of the Coal Companies will be circulated by the respective Subsidiaries (Coal Companies).

11. The applicant of Usance LC (Buyer) shall bear the discounting charges and any other bank charges to be charged by the Advising/Negotiating Bank.

12. It should be ensured that there should not be any recourse to the seller (coal companies).

13. In addition to Usance LC, the Buyer shall submit a financial coverage in the form of a banker’s cheque/demand draft/through NEFT/RTGS or a bank guarantee issued by an acceptable bank in the prescribed format under the FSA for an amount equal to the estimated As Delivered Price of Coal for 30 days of coal supplies, i.e., ACQ/12, subject to a minimum amount equivalent to a truckload.

C. For Non-Regulated Sector Consumers drawing supplies under FSAs by Rail mode:

1. The facility shall be extended only for supplies under the FSAs executed through linkage auction route.

2. Buyer shall open an Irrevocable Letter of Credit (Usance LC) favoring the Coal Company (Seller). The Buyer shall open the LC for an amount equivalent to 50% of Coal Value i.e., As Delivered Price of Monthly Scheduled Quantity (MSQ) under the FSA.

3. The Usance LC shall have the following conditions inter-alia:
   a. All Bank Charges including opening charge of Usance LC and discounting charges to be borne by the applicant (Buyer).
   b. Payment would be made within 3-5 working days upon submission of the Pro-forma invoice by the Seller through RTGS/NEFT as per the instruction of Advising/Negotiating Bank.
   c. Discrepancies acceptable except quantity and value.
   d. Beneficiary (Coal companies) shall get payment on sight basis from Advising/Negotiating Bank on due date upon receipt of acceptance for making payment from Issuing Bank. Discounting interest and all other bank charges will be borne by the applicant.
4. Post receipt of the LC, Advising/Negotiating Bank shall intimate the seller.

5. Seller shall submit the Pro-forma Invoice towards the As Delivered Price of the despatch quantity along with the Railway Receipt (RR). If there is delay in issue of RR, the pro-forma invoice shall be accompanied with the copy of Forwarding Note and Electronic Print out (EPO) of Weighment. The pro-forma invoice shall be raised on rake to rake basis. The Coal Companies shall make arrangements for submission of soft copies of the documents i.e., pro-forma invoice and RR/Forwarding Note/EPO etc., to the Advising Bank within 24 hrs of generation of EPO.

6. The Advising/Negotiating Bank shall process the documents promptly and credit the invoice value to seller account within 3 to 5 working days upon receipt of soft copy of the documents from the Seller. The Advising/Negotiating Bank shall get necessary acceptance from the LC issuing bank. Coal Consumers shall ensure that Issuing Bank processes the acceptance immediately upon receipt of soft copy of documents from the Advising/Negotiating Bank, so that the payment is credited to Seller’s account within 3 to 5 working days.

7. In case the payment is not made to the Seller within the stipulated time of 3 to 5 working days, Seller shall charge interest @ SBI MCLR (3 months) as applicable on the due date of payment under the LC plus 3% (three percent) for the entire period for which the payment has remained overdue. Further dispatch to the Buyer will be stopped for the Buyer during the period of default. Repeated failure of the Advising Bank to release the payments against the pro-forma invoice within the prescribed timeframe shall give right to the Seller to refuse the LC facility of payment to the Buyer. The LC shall have the provision for the negotiation of such interest bills also.

8. To avoid any operational delays, Buyer shall, preferably open Usance LC with the same bank as the Advising/Negotiating Bank of the Coal Companies. The list(s) of Advising/Negotiating Banks of the Coal Companies shall be circulated by the respective Subsidiary Coal Company.

9. The applicant of Usance LC (Buyer) shall bear the discounting charges and any other bank charges to be charged by the Advising/Negotiating Bank.

10. It should be ensured that there should not be any recourse to the Seller.

11. In case of arrear rakes remaining pending for movement at the end of the validity period of the FSA, the Buyer shall extend the validity period of the LC for a further period as may be decided by the Seller or the extant system of advance payment shall be made applicable for such pending rakes. Otherwise, the pending arrear rakes shall be liable to be cancelled at the cost and responsibility of the Buyer.

12. In addition to Usance LC, the Buyer shall pay advance amount equivalent to seven (7) days coal value by way of Demand Draft/Banker’s cheque/NEFT/RTGS.
13. The provision for financial coverage for an amount equal to the estimated As Delivered Price of Copal for 30 days of coal supplies, i.e., ACQ/12, subject to a minimum amount equivalent to the As Delivered Price of Coal of one rake-load, shall also apply as stipulated in the FSA.

D. For release of coal under Special Forward & Exclusive e-Auction Schemes:

Auctions under Special Forward e-Auction Scheme is conducted for the Power Sector Consumers for a longer period of time, say 3 to 12 months. Similarly, auctions under Exclusive e-Auction Scheme is conducted for the consumers in NRS. The quantity secured by the Bidder under these scheme period is released in terms of Monthly Scheduled Quantity (MSQ), which is arrived by dividing the Bid Quantity by the total number of months for which the auction is held or as mutually agreed between the Coal Company and the Bidder.

The modalities for extending the Usance LC facility under these schemes by Road and Rail mode shall be similar to the modalities for the supplies under the FSAs executed under linkage auction route, as described under Part B & C above.

Usance LC facility shall be extended under Special Forward & Exclusive e-Auction Schemes initially for a period for the events of auctions conducted under these two schemes upto September, 2020.
Sub: Standard Operating Procedure for Usance LC

Further to Notice no. ECL/HQ/M&S/Notice/222 dated 04.04.2020 and subsequent SoP issued by CIL vide no. CIL/DM/COS-9/1840-R dated 08.04.2020, the Standard Operating Procedure for Usance LC, as approved by the competent authority shall be as under:

1) Coal Consumers (Buyer) having a Fuel Supply Agreement with ECL (Seller).

2) Buyer will open an irrevocable Letter of Credit (Usance LC) favoring Advising/Negotiating Bank of ECL. The Buyer (Coal Consumer) will open the LC for an amount of Coal Value equivalent to Monthly Scheduled Quantity (MSQ) plus 10% to take care of any supplementary bills, if any, to be raised by ECL in due course.

3) The Usance LC shall have the following conditions inter-alia:

   a) All Bank Charges including discounting charges to be borne by the applicant.
   b) Payment would be made on the due date through RTGS/NEFT as per the instruction of Advising/Negotiating Bank.
   c) Discrepancies acceptable except quantity and value.
   d) Beneficiary (ECL) will get payment on sight basis from Advising/Negotiating Bank upon receipt of acceptance for making payment on due date from Issuing Bank. Discounting interest and all other bank charges will be borne by the applicant.

4) Post receipt of the LC, Advising/Negotiating Bank will intimate the seller.

5) ECL will submit the following documents viz. Proforma Invoice, Electronic Print out (EPO) of Weighment / Forwarding-Notes/ Challan cum GST invoice, as applicable for different modes of transport as per terms of LC to the Advising/Negotiating Bank. ECL will submit the document in soft copy along with digital signature (if required) within 24 hrs of generation of EPO. Coal Consumers will submit an undertaking/declaration from the Issuing Bank that soft copy of documents shall be accepted for processing of acceptance of payment.

6) Advising/Negotiating Bank will process the documents promptly and credit the invoice value to ECL’s account Advising/Negotiating Bank will get acceptance from the LC issuing bank. Coal Consumers shall ensure that Issuing Bank processes the acceptance within 24 hrs of receipt of soft copy of documents from the Advising/Negotiating Bank. In case the Issuing Bank does not provide acceptance within the stipulated time, a 15% surcharge on the total coal value will be charged as penalty from the Coal Consumer and further dispatch will be stopped for that particular Coal Consumer.
7) To avoid any operational delays, Coal Consumers shall open Usance LC with the same bank as the Advising/Negotiating Bank of ECL. The list(s) of Advising/Negotiating Banks of the Coal Companies will be circulated by ECL.

8) The applicant of Usance LC (coal consumer) shall bear the discounting charges and any other bank charges to be charged by the Advising/Negotiating Bank.

9) It should be ensured that there should not be any recourse to the seller (ECL).

10) In addition to Usance LC, the purchaser shall pay advance amount equivalent to seven (7) days coal value by way of Demand Draft/Banker's cheque/NEFT/RTGS.

Notice for Power Sector FSA consumers drawing coal by Rail mode from ECL

Sub: Payment of coal value through Irrevocable Revolving Letter of Credit (Usance LC)

This is for information to all concerned that coal value through Irrevocable Revolving Letter of Credit (Usance LC) mechanism from power sector FSA consumers would be acceptable.

All interested power sector consumers having FSA with ECL can avail this facility by complying the following:

1. Consumer shall open an Irrevocable Revolving Letter of Credit (Usance LC) favouring advising and negotiating Bank of ECL.
2. Post receipt of the Usance LC through SFMS, advising bank will intimate ECL.
3. ECL will submit requisite documents viz. request proforma invoice / bill including EPS & F note as per terms of the Usance LC to the advising bank electronically.
4. Advising Bank will process the documents to the Usance LC issuing bank for acceptance without any recourse.
5. Advising Bank will discount the bill and credit the full invoice value to the ECL A/C on post acceptance basis.
6. Other details shall be incorporated in the Usance LC terms and conditions and MOU to be signed between ECL, FSA holder and the Bank for smooth operations.
7. All the terms and conditions, policy guidelines as formulated by CIL/ECL in this regard shall be complied with.
8. CIL/ECL shall reserve the right to amend/cancel/modify the above guidelines at any time without assigning any reason thereof.

Entitled FSA holders interested in exercising option of payment of coal value through this optional payment mechanism in lieu of the already available options of FSA provisions may contact the office of HOD (M&S), ECL Sanctoria with a written consent for proceeding further.

Subject: Amendments providing for Third Party Sampling in various models of FSA for Non-Power Sector.

Dated: 14/02/2019

General Manager (M&S), CIL vide letter ref.no. CIL/M&S/New Pol/47252/664 Date:20.12.2018 (copy enclosed) has informed that certain modifications have been made for uniformity in third party sampling related clauses of model FSAs for non regulated sector (NRS) under Linkage Auction and High Demand FSA model (existing and LOA route) in which the third party sampling provisions already exist. Modifications are enclosed as under:

a) For Model FSAs for non-regulated consumers for low, medium and high demand (existing and LOA route) Annx.I

b) For NRS Model FSAs for Linkage Auction (all sub sectors under all tranches). -Annx.II

It has also been informed that the modifications given are applicable for all existing FSAs including future Non-Power FSAs till further modifications, if any.

In view of the above all categories of consumers having FSAs under Non-Regulated sector for low, medium & high demand (existing & LOA route) and consumers having FSAs under NRS Model for Linkage Auction (all sub-sector under all tranches) with ECL are required to execute the amendments as specified in Annexure I & Annexure II given by CIL.

All the concerned consumers in the aforesaid categories are hereby requested to contact M&S Department, ECL HQ, Sanctoria/ECL Kolkata Sales Office for a mutually convenient date with two (2) Non-Judicial Stamp paper of Rs.100/- each for execution of amendments providing for Third Party Sampling in respective valid FSAs for Non-Power Sector.

Encl.:As above

Sub: Amendments providing for third party sampling in various models of FSAs for Non-power sector.

Dear Sir,

Third party sampling facility was extended to all consumers as per the decision of 353rd CIL Board held on 18 & 19.12.2017.

In pursuance to the aforesaid decision of CIL Board enabling clauses for third party sampling in Fuel Supply Agreements (FSAs) where it did not exist have been provided. Certain modifications have been made for uniformity in third party sampling related clauses of model FSAs for non regulated sector (NRS) under Linkage Auction and High Demand FSA model (existing and LOA route) in which the third party sampling provisions already exist. Modifications are enclosed as under:

a) For Model FSAs for non-regulated consumers for low, medium and high demand (existing and LOA route) - **Annex. I**

b) For NRS Model FSAs for Linkage Auction (all sub sectors under all tranches) - **Annex. II**

Enclosed modifications are applicable for all existing FSAs including future non-power FSAs till further modifications if any. This issues with approval of competent authority.

The above is for kind information and further needful including notifying on respective websites.

Encl. as above.

Yours faithfully,

[Signature]

General Manager (M&S)

</tr>
<tr>
<td></td>
<td>5.2.3 In the event the Purchaser intimates the Seller that it is desirous of availing third party sampling by the Third Party Agency, such facility shall be allowed as per following conditions.&lt;br&gt;(i) The facility shall be extended at the Delivery Point only and such third party sampling shall be undertaken for the supplies against this FSA in accordance with the procedure for third party sampling for non-power consumers as per Schedule V.</td>
</tr>
</tbody>
</table>
(ii) If for any reason whatsoever, the third party sampling cannot be conducted in accordance with the procedure for third party sampling for non-power consumers as per Schedule V, joint sampling and analysis shall be carried out by the Seller in presence of the Purchaser at the Delivery Point in accordance with the modalities for joint sampling as noted in schedule V. However failure of the purchaser to be present will not invalidate or be a ground for disputing the sampling and analysis carried out by the seller.

(iii) If for any reason whatsoever, the third party sampling/joint sampling cannot be conducted in accordance with the procedure for third party sampling for non-power consumers as per Schedule V, the said consignment will be treated in the manner as in case of buyers not desirous of third party sampling.

(iv) For commencement of third party sampling a Tripartite agreement shall be signed by the purchaser, seller and the third party within a time frame as decided mutually by the parties involved as per format available with coal company. Till such time 5.2.3(ii) or 5.2.3 (iii) shall be applicable as the case may be.

(v) 50% share of the cost of third party sampling shall be borne by the purchaser in terms of the tripartite agreement. Such payment shall be made by the purchaser directly to the third party agency.

5.2.4 In case of a variation of Grade of Coal (decided on the basis of third party sampling by the Third Party Agency) as compared to the declared Grade of Coal, the Purchaser shall pay for the supplied grade of coal as per final analysis report of third party agency/joint sampling/referee lab as applicable.

5.2.5 Notwithstanding the above, it is clarified that in case of coking coal, if pursuant to the third party sampling by a Third Party Agency, the test results establish that the Grade of Coal supplied falls outside the categorization stipulated in Table I of the Ministry of Coal notification dated June 16, 1994, as modified from time to time, then the supplied coal shall be deemed to be non-coking coal. Such non-coking coal shall be graded on GCV
10.5 Modalities for Billing, Claims & Payment

10.5.1 The Seller shall raise and the Purchaser shall pay the bills for Coal supplies on Declared Grade basis in accordance with Clause 10.3 above.

10.5.2 Further, the Parties shall jointly reconcile all payments made for the monthly Coal supplies during the Year, by end of April of the following Year. The Parties shall, forthwith, give credit/debit for the amount falling due, if any, as assessed during such joint reconciliation. The annual reconciliation statement shall be jointly signed by the authorised representative of the Seller and the Purchaser which shall be final and binding.

10.5.3 In the event of due date of any payment obligation under this Agreement falling on Sunday or a gazetted holiday, the next first working day shall be the effective due date for the purpose.

bands and the grade for such non-coking coal shall be established on the GCV band within which it falls.

5.2.6 Purchaser who does not opt for third party sampling on the signature date may once exercise this option subsequently, any time during the term of the agreement. It is further provided that the purchaser opting for third party on either on signature date or subsequent date may be allowed to discontinue the arrangement subject to written consent of the buyer. However once the buyer opts out of third party sampling after availing it, he shall not be allowed to opt for third party sampling again in the entire term of the agreement.

5.2.7 Notwithstanding anything to the contrary contained herein, in the event that the Purchaser does not opt for third party sampling by a Third Party Agency, it shall be obligated to pay, for all supplies against the FSA, the coal value in respect of the declared Grade of Coal and shall not, in any way be entitled to benefit from or rely on the results of third party sampling availed by any other purchaser of Coal.

10.5 Modalities for Billing, Claims & Payment

10.5.1 The Seller shall raise and the Purchaser shall pay the bills for Coal supplies on Declared Grade basis in accordance with Clause 10.3 above. Necessary reconciliations shall be done between the Parties on the basis of the analyzed Grade of Coal in accordance with Clause 5.

10.5.2 Credit/debit note, as the case may be, shall be raised by the concerned coal company towards the difference between the notified price of declared grade and notified price of for the supplied grade of coal as per the third party/Joint sampling/referee lab result as the case may be, within seven days after reconciliation of final results. In case of issue of Debit note, the differential price with all applicable taxes and levies shall be payable.

In case of issue of credit note, adjustment/refund of differential price along with Goods & Services Tax (GST) shall be made as applicable. Any credit
10.5.4 Where a Party makes any payment to the other Party by a cheque, in the event of dishonor of such cheque for whatever reason, notwithstanding other remedies and consequences, the other Party shall have the right to discontinue/withdraw the facility of accepting payment by cheque.

In respect of other taxes and levies, shall be adjusted/refunded if and when received by the Seller.

The amount payable by the Purchaser or refundable by the Seller shall be settled within 30 (thirty) days of the signing of the annual reconciliation statement under Clause 10.5.3. Notwithstanding the aforesaid, in the event of termination of this Agreement pursuant to Clause 15, the annual reconciliation shall be done at the time of termination and the monies shall be paid by the Purchaser or the Seller, as the case may be, within 30 (thirty) days from the date of termination of the Agreement.

10.5.3 The Parties shall jointly reconcile all payments made for the monthly Coal supplies during the Year by end of April of the following Year. The Parties shall, forthwith, give credit/debit for the amounts falling due, if any, as assessed during such joint reconciliation. The annual reconciliation statement shall be jointly signed by the authorized representative of the Seller and the Purchaser, which shall be final and binding.

10.5.4 In the event of due date of any payment obligation under this Agreement falling on Sunday or a gazetted holiday, the next first working day shall be the effective due date for the purpose.

10.5.5 Where a Party makes any payment to the other Party by a cheque, in the event of dishonor of such cheque for whatever reason, notwithstanding other remedies and consequences, the other Party shall have the right to discontinue/withdraw the facility of accepting payment by cheque.

"Third Party Agency" shall mean the independent  
agency appointed for conduct of third party  
sampling in accordance with Clause 5.2 |
| QUALITY: (same for both existing and  
LOA route consumers) | 5. QUALITY:  
5.1 The quality of the Coal to be supplied from  
the mines of the Seller shall, as far as possible, be  
within the specifications as per Schedule-II to this  
Agreement. The Seller shall take all reasonable  
steps to remove stone, shale and extraneous  
matters before the loading of the coal.  
5.2 If the quality of the Coal supplied from the  
mines of the Seller i.e. the grade, as determined  
in terms of Clause 8 hereinafter, fails beyond the  
limits as specified in Schedule II, the Purchaser  
shall bring the same to the attention of the Seller  
by a Notice in writing for taking appropriate  
remedial action. |
| 1 t) - not existing (existing consumers FSA model)  
1 z) - not existing (LOA route consumers FSA model) | 5.2 Third Party Sampling  
5.2.1 The Third Party Sampling facility shall be  
extended as an option to the buyers.  
5.2.2 Notwithstanding anything to the contrary  
contained herein, the Purchaser shall be required  
to inform the Seller in writing on the Signature  
Date whether it proposes to avail third party  
sampling from a Third Party Agency in accordance  
with the terms hereof. Purchaser who is not  
desirous of availing the option of third party  
sampling shall give an undertaking to this effect.  
5.2.3 In the event the Purchaser intimates the  
Seller that it is desirous of availing third party  
sampling by the Third Party Agency, such facility  
shall be allowed as per following conditions.  
(i) The facility shall be extended at the Delivery  
Point only and such third party sampling shall be  
undertaken for the supplies against this FSA in  
accordance with the procedure for third party  
sampling for non-power consumers as per  
Schedule V.  
(ii) If for any reason whatsoever, the third party  
sampling cannot be conducted in accordance with  
the procedure for third party sampling for non-  
power consumers as per Schedule V, joint  
sampling and analysis shall be carried out by the |
Seller in presence of the Purchaser at the Delivery Point in accordance with the modalities for joint sampling as noted in schedule V. However failure of the purchaser to be present will not invalidate or be a ground for disputing the sampling and analysis carried out by the seller.

(iii) If for any reason whatsoever, the third party sampling/ joint sampling cannot be conducted in accordance with the procedure for third party sampling for non- power consumers as per Schedule V, the said consignment will be treated in the manner as in case of buyers not desirous of third party sampling.

(iv) For commencement of third party sampling a Tripartite agreement shall be signed by the purchaser, seller and the third party within a time frame as decided mutually by the parties involved as per format available with coal company. Till such time 5.2.3(ii) or 5.2.3 (iii) shall be applicable as the case may be.

(v) 50% share of the cost of third party sampling shall be borne by the purchaser in terms of the tripartite agreement. Such payment shall be made by the purchaser directly to the third party agency.

5.2.4 In case of a variation of Grade of Coal (decided on the basis of third party sampling by the Third Party Agency) as compared to the declared Grade of Coal, the Purchaser shall pay for the supplied grade of coal as per final analysis report of third party agency/ referee lab as applicable.

5.2.5 Notwithstanding the above, it is clarified that in case of coking coal, if pursuant to the third party sampling by a Third Party Agency, the test results establish that the Grade of Coal supplied falls outside the categorization stipulated in Table I of the Ministry of Coal notification dated June 16, 1994, as modified from time to time, then the supplied coal shall be deemed to be non-coking coal. Such non-coking coal shall be graded on GCV bands and the grade for such non-coking coal shall be established on the GCV band within which it falls.
8. **DETERMINATION OF COAL QUALITY:**

(existing consumer)

For determination of the quality of Coal supplied, the grade as declared by the Seller shall be reckoned as correct for all purposes. However, the Seller shall take all reasonable steps to remove stones, shales and extraneous matter before loading of coal. Complaint if any, on the matter of coal quality shall be made by the Purchaser giving specific details of the consignment to the CGM (S&M) / GM (S&M) of the Seller and also to Colliery/Area authorities for remedial action. The Purchaser shall be entitled to witness/complain regarding the quality of coal at the colliery end/loading point.

8. **DETERMINATION OF COAL QUALITY:**

(LOA route consumer)

For determination of the quality of Coal supplied, the grade as declared by the Seller shall be reckoned as correct for all purposes. Complaint if any, on the matter of Coal quality shall be made by the Purchaser giving specific details of the

5.2.6 Purchaser who does not opt for third party sampling on the signature date may once exercise this option subsequently, any time during the term of the agreement. It is further provided that the purchaser opting for third party on either on signature date or subsequent date may be allowed to discontinue the arrangement subject to written consent of the buyer. However once the buyer opts out of third party sampling after availing it, he shall not be allowed to opt for third party sampling again in the entire term of the agreement.

5.2.7 Notwithstanding anything to the contrary contained herein, in the event that the Purchaser does not opt for third party sampling by a Third Party Agency, it shall be obligated to pay, for all supplies against the FSA, the coal value in respect of the declared Grade of Coal and shall not, in any way be entitled to benefit from or rely on the results of third party sampling availed by any other purchaser of Coal.

Deleted.
consignment to the CGM (S&M) / GM (S&M) of the Seller and also to colliery/area authorities for remedial action. Any complaint regarding quality of Coal shall be made at the colliery end/ Delivery Point.

11.5 Modalities for Billing, Claims & Payment

11.5.1 The Seller shall raise and the Purchaser shall pay the bills for Coal supplies on Declared Grade basis in accordance with Clause 11.3 above.

11.5.2 Further, the Parties shall jointly reconcile all payments made for the monthly Coal supplies during the Year, by end of April of the following Year. The Parties shall, forthwith, give credit/debit for the amount falling due, if any, as assessed during such joint reconciliation. The annual reconciliation statement shall be jointly signed by the authorised representative of the Seller and the Purchaser which shall be final and binding.

11.5.3 In the event of due date of any payment obligation under this Agreement falling on Sunday or a gazetted holiday, the next first working day shall be the effective due date for the purpose.

11.5 Modalities for Billing, Claims & Payment

11.5.1 The Seller shall raise and the Purchaser shall pay the bills for Coal supplies on Declared Grade basis in accordance with Clause 11.3 above. Necessary reconciliations shall be done between the Parties on the basis of the analyzed Grade of Coal in accordance with Clause 5.

11.5.2 Credit/debit note, as the case may be, shall be raised by the concerned coal company towards the difference between the notified price of declared grade and notified price of the supplied grade of coal as per the third party/joint sampling/referee lab result as the case may be, within seven days after reconciliation of final results. In case of issue of Debit note, the differential price with all applicable taxes and levies shall be payable. In case of issue of credit note, adjustment/refund of differential price along with Goods & Services Tax (GST) shall be made as applicable. Any credit in respect of other taxes and levies, shall be adjusted/refunded if and when received by the Seller.

The amount payable by the Purchaser or refundable by the Seller shall be settled within 30 (thirty) days of the signing of the annual reconciliation statement under Clause 11.5.3. Notwithstanding the aforesaid, in the event of termination of this Agreement pursuant to Clause 16, the annual reconciliation shall be done at the time of termination and the monies shall be paid by the Purchaser or the Seller, as the case may be, within 30 (thirty) days from the date of termination of the Agreement.

11.5.3 The Parties shall jointly reconcile all payments made for the monthly Coal supplies during the Year by end of April of the following Year. The Parties shall, forthwith, give credit/debit for the amounts falling due, if any, as assessed during such joint reconciliation. The annual
reconciliation statement shall be jointly signed by the authorized representative of the Seller and the Purchaser, which shall be final and binding.

11.5.4 In the event of due date of any payment obligation under this Agreement falling on Sunday or a gazetted holiday, the next first working day shall be the effective due date for the purpose.

### 5. QUALITY

5.1 The quality of the Coal to be supplied from the mines of the Seller shall, as far as possible, be within the specifications as per Schedule-II to this Agreement. The Seller shall take all reasonable steps to remove stone, shale and extraneous matters before the loading of the Coal.

5.2 If the quality of the Coal supplied from the mines of the Seller i.e. the grade, as determined in terms of Clause 8 hereinafter, falls beyond the limits as specified in Schedule II, the same shall be dealt with in accordance with Clause 8.

5.3 The Seller shall make adequate arrangements to assess the quality and monitor the same to endeavor that Coal having GCV less than 2200 KCal/kg is not loaded into Purchaser’s containers.

5.4 The Purchaser shall inform the Seller all incidents of presence of oversized Coal, in terms of specifications laid down in Column - (iv) of Schedule -II, in any specific consignment, immediately on its detection at the Delivery Point and the Seller, shall take all reasonable steps to prevent such occurrence at his end.

5.5 The Purchaser shall inform the Seller all incidents of presence of stones in any specific consignment immediately on its detection at the Delivery Point. The Seller shall immediately take all reasonable steps to prevent such occurrence at his end.

5. QUALITY

5.1 The quality of the Coal to be supplied from the mines of the Seller as far as possible shall be within the specifications as per Schedule-II to this Agreement. The Seller shall take all reasonable steps to remove stones above 250mm (in size), shale and extraneous matters before the loading of the coal. Complaint, if any, regarding the quality of coal shall be made by the Purchaser giving specific details of the consignment to the GM (M&S) of the Seller.

5.2 Third Party Sampling

5.2.1 The Third Party Sampling facility shall be extended as an option to the buyers.

5.2.2 Notwithstanding anything to the contrary contained herein, the Purchaser shall be required to inform the Seller in writing on the Signature Date whether it proposes to avail third party sampling from a Third Party Agency in accordance with the terms hereof. Purchaser who is not desirous of availing the option of third party sampling shall give an undertaking to this effect.

5.2.3 In the event the Purchaser intimates to the Seller that it is desirous of availing third party sampling by the Third Party Agency, such facility shall be allowed as per following conditions.

(i) The facility shall be extended at the Delivery Point only and such third party sampling shall be undertaken for the supplies against this FSA in accordance with the procedure for third party sampling for non-power consumers as per Schedule V.
(ii) If for any reason whatsoever, the third party sampling cannot be conducted in accordance with the procedure for third party sampling for non-power consumers as per Schedule V, joint sampling and analysis shall be carried out by the Seller in presence of the Purchaser at the Delivery Point in accordance with the modalities for joint sampling as noted in schedule V. However failure of the purchaser to be present will not invalidate or be a ground for disputing the sampling and analysis carried out by the seller.

(iii) If for any reason whatsoever, the third party sampling/joint sampling cannot be conducted in accordance with the procedure for third party sampling for non-power consumers as per Schedule V, the said consignment will be treated in the manner as in case of buyers not desirous of third party sampling.

(iv) For commencement of third party sampling a Tripartite agreement shall be signed by the purchaser, seller and the third party within a time frame as decided mutually by the parties involved as per format available with coal company. Till such time 5.2.3(ii) or 5.2.3 (iii) shall be applicable as the case may be.

(v) 50% share of the cost of third party sampling shall be borne by the purchaser in terms of the tripartite agreement. Such payment shall be made by the purchaser directly to the third party agency.

5.2.4 In case of a variation of Grade of Coal (decided on the basis of third party sampling by the Third Party Agency) as compared to the declared Grade of Coal, the Purchaser shall pay for the supplied grade of coal as per final analysis report of third party agency/joint sampling/referee lab as applicable.

5.2.5 Notwithstanding the above, it is clarified that in case of coking coal, if pursuant to the third party sampling by a Third Party Agency, the test results establish that the Grade of Coal supplied falls outside the categorization stipulated in Table I of the Ministry of Coal notification dated June 16, 1994, as modified from time to time, then the supplied coal shall be deemed to be non-coking coal. Such non-coking coal shall be graded on GCV
bands and the grade for such non-coking coal shall be established on the GCV band within which it falls.

5.2.6 Purchaser who does not opt for third party sampling on the signature date may once exercise this option subsequently, any time during the term of the agreement. It is further provided that the purchaser opting for third party on either on signature date or subsequent date may be allowed to discontinue the arrangement subject to written consent of the buyer. However once the buyer opts out of third party sampling after availing it, he shall not be allowed to opt for third party sampling again in the entire term of the agreement.

5.2.7 Notwithstanding anything to the contrary contained herein, in the event that the Purchaser does not opt for third party sampling by a Third Party Agency, it shall be obligated to pay, for all supplies against the FSA, the coal value in respect of the declared Grade of Coal and shall not, in any way be entitled to benefit from or rely on the results of third party sampling availed by any other purchaser of Coal.

<td></td>
</tr>
</tbody>
</table>
8.2 The samples shall be drawn separately for supplies made, from each colliery, grade wise and the venue for collection of samples by the Third Party shall be Delivery Point. The detail of sampling/analysis procedures shall be appended by the Seller.

8.3 The quality of the Coal to be supplied from the mines of the Seller shall be as far as possible within specifications as per Schedule-II to this Agreement. Complaint if any, on the matter of Coal quality shall be made by the Purchaser giving specific details of the consignment to the CGM (S&M) / GM (S&M) of the Seller and also to colliery/area authorities for remedial action. Any complaint regarding quality of Coal shall be made at the colliery end/Delivery Point.

11.5 Modalities for Billing, Claims & Payment

11.5.1 The Seller shall raise and the Purchaser shall pay the bills for Coal supplies on Declared Grade basis in accordance with Clause 11.3 above. These bills, however, shall, where applicable, be finally revised and settled between the two Parties on the basis of analyzed grade of Coal in accordance with Clause 8.

11.5.2 The Seller or the Purchaser, as the case may be, shall raise their respective claims arising out of quality determination of Coal through sampling and analysis forthwith. Such claim shall be settled within thirty (30) days thereafter.

11.5.3 Further, the Parties shall jointly reconcile all payments made for the monthly Coal supplies during the Year by end of April of the following Year. The Parties shall, forthwith, give credit/debit for the amount falling due, if any, as assessed during such joint reconciliation. The annual reconciliation statement shall be jointly signed by the authorised representative of the Seller and the Purchaser which shall be final and binding.

11.5.4 In the event of due date of any payment obligation under this Agreement falling on Sunday
or a gazetted holiday, the next first working day shall be the effective due date for the purpose.

reconciliation statement under Clause 11.5.3. Notwithstanding the aforesaid, in the event of termination of this Agreement pursuant to Clause 16, the annual reconciliation shall be done at the time of termination and the monies shall be paid by the Purchaser or the Seller, as the case may be, within 30 (thirty) days from the date of termination of the Agreement.

11.5.3 The Parties shall jointly reconcile all payments made for the monthly Coal supplies during the Year by end of April of the following Year. The Parties shall, forthwith, give credit/debit for the amounts falling due, if any, as assessed during such joint reconciliation. The annual reconciliation statement shall be jointly signed by the authorized representative of the Seller and the Purchaser, which shall be final and binding.

11.5.4 In the event of due date of any payment obligation under this Agreement falling on Sunday or a gazetted holiday, the next first working day shall be the effective due date for the purpose.

</tr>
</tbody>
</table>
Purchaser shall deposit 100% (one hundred per cent.) of the Advance Payment in the manner provided in Clause 8.2.2, for the Scheduled Quantity. The Purchaser shall, at the time of placing its order for the Scheduled Quantity in accordance with Clause 8.2.2, also be required to pay costs (along with its share of applicable taxes and statutory levies, if any) for third party sampling for the Scheduled Quantity to the Seller, if applicable, as per the terms specified in Annexure VII. The Seller shall transfer the third party sampling costs so received from the Purchaser to the Third Party Agency.

8.2.3 Subject to receipt of the Advance Payment along with the costs for third party sampling, if applicable, the Seller shall arrange to issue sale order(s)/delivery order(s) and shall also issue necessary loading programme/schedule from time to time. The Purchaser shall arrange to place the required number/type of trucks to lift the Contracted Grade of Coal as per such loading programme/schedule. The Seller shall ensure that the sale order/delivery order in favour of the Purchaser is prepared promptly upon receipt of a notice in this regard from the Purchaser and that the same reaches the Delivery Point/weighbridge within 5 (five) working days of the last day specified in the notice for booking orders in terms of Clause 8.2.1.

8.2.3 Subject to receipt of the Advance Payment the Seller shall arrange to issue sale order(s)/delivery order(s) and shall also issue necessary loading programme/schedule from time to time. The Purchaser shall arrange to place the required number/type of trucks to lift the Contracted Grade of Coal as per such loading programme/schedule. The Seller shall ensure that the sale order/delivery order in favour of the Purchaser is prepared promptly upon receipt of a notice in this regard from the Purchaser and that the same reaches the Delivery Point/weighbridge within 5 (five) working days of the last day specified in the notice for booking orders in terms of Clause 8.2.1.

9. DETERMINATION OF COAL QUALITY

9.1 Notwithstanding anything to the contrary contained herein, the Purchaser shall be required to inform the Seller in writing, on the Signature Date, whether it proposes to avail third party sampling from a Third Party Agency in accordance with the terms hereof. In the event the Purchaser intimates the Seller that it is:

(a) desirous of availing third party sampling by the Third Party Agency, such facility shall be

9.1 Third Party Sampling

9.1.1 The Third Party Sampling facility shall be extended as an option to the buyers.

9.1.2 Notwithstanding anything to the contrary contained herein, the Purchaser shall be required to inform the Seller in writing on the Signature Date whether it proposes to avail third party sampling from a Third Party Agency in accordance with the terms hereof. Purchaser who is not
allowed at the Delivery Point only and such third party sampling shall be undertaken throughout the Term in accordance with the procedure set out in Annexure VII. In the event that the Purchaser is desirous of availing third party sampling by the Third Party Agency and for any reason whatsoever, the third party sampling cannot be conducted in accordance with the procedure set out in Annexure VII, the Purchaser may opt for joint sampling and analysis to be carried out by the Seller in presence of the Purchaser at the Delivery Point in accordance with such procedures as may be agreed upon between the Parties; and

(b) not desirous of availing third party sampling, the Purchaser would not be entitled to avail the said facility at any time during the Term.

9.2 Notwithstanding anything to the contrary contained herein, in the event that the Purchaser does not opt for third party sampling by a Third Party Agency, it shall be obligated to pay, throughout the Term, the As Delivered Price in respect of the Contracted Grade of Coal delivered to it and shall not, in any way be entitled to benefit from or rely on the results of third party sampling availed by any other purchaser of Coal.

In case of a variation of Grade of Coal (decided on the basis of third party sampling by a the Third Party Agency) as compared to the Contracted Grade of Coal, the Purchaser shall pay the Notified Price (or the latest Indexed Notified Price, as the case may be) of the supplied Grade of Coal plus the Winning Premium of the supplied Grade of Coal, without factoring in royalty payments, taxes etc.

desirous of availing the option of third party sampling shall give an undertaking to this effect.

9.1.3 In the event the Purchaser intimates the Seller that it is desirous of availing third party sampling by the Third Party Agency, such facility shall be allowed as per following conditions.

(i) The facility shall be extended at the Delivery Point only and such third party sampling shall be undertaken for the supplies against this FSA in accordance with the procedure for third party sampling for non-power consumers as per Annexure VII.

(ii) If for any reason whatsoever, the third party sampling cannot be conducted in accordance with the procedure for third party sampling for non-power consumers as per Annexure VII, joint sampling and analysis shall be carried out by the Seller in presence of the Purchaser at the Delivery Point in accordance with the modalities for joint sampling as noted in Annexure VII. However failure of the purchaser to be present will not invalidate or be a ground for disputing the sampling and analysis carried out by the seller.

(iii) If for any reason whatsoever, the third party sampling/ joint sampling cannot be conducted in accordance with the procedure for third party sampling for non-power consumers as per Annexure VII, the said consignment will be treated in the manner as in case of buyers not desirous of third party sampling.

(iv) For commencement of third party sampling a Tripartite agreement shall be signed by the purchaser, seller and the third party within a time frame as decided mutually by the parties involved as per format available with coal company. Till such time 9.1.3 (ii) or 9.1.3 (iii) shall be applicable as the case may be.

(v) 50% share of the cost of third party sampling shall be borne by the purchaser in terms of the tripartite agreement. Such payment shall be made by the purchaser directly to the third party agency.

</tr>
</tbody>
</table>

A similar procedure to calculate the applicable price will be followed in case of a upward variation in the Contracted Grade of Coal.

9.1.5 Purchaser who does not opt for third party sampling on the signature date may once exercise this option subsequently, any time during the term of the agreement. It is further provided that the purchaser opting for third party on either on signature date or subsequent date may be allowed to discontinue the arrangement subject to written consent of the buyer. However once the buyer opts out of third party sampling after availing it, he shall not be allowed to opt for third party sampling again in the entire term of the agreement.

9.1.6 Notwithstanding anything to the contrary contained herein, in the event that the Purchaser does not opt for third party sampling by a Third Party Agency, it shall be obligated to pay, the As Delivered Price in respect of the Contracted Grade of Coal delivered to it and shall not, in any way be entitled to benefit from or rely on the results of
third party sampling availed by any other purchaser of Coal.

In case of FSAs for coking coal, 9.1.4 shall be as under

9. DETERMINATION OF COAL QUALITY

9.1.4 In case of a variation of Grade of Coal (decided on the basis of third party sampling by a the Third Party Agency/joint sampling/referee lab as applicable) as compared to the contracted grade of coal, the winning premium shall be added on the notified price (or the latest Indexed Notified Price, as the case may be) of the supplied grade of coal as illustrated below:

</tr>
</tbody>
</table>

A similar procedure to calculate the applicable price will be followed in case of upward variation in the Contracted Grade of Coal.

Notwithstanding the above, it is clarified that if pursuant to the third party sampling by a Third Party Agency, the test results establish that the Grade of Coal supplied falls outside the categorization stipulated in Table I of the Ministry of Coal notification dated June 16, 1994, as modified from time to time, then the supplied coal shall be deemed to be non-coking coal. Such non-coking coal shall be graded on GCV bands and the grade for such non-coking coal shall be established
on the GCV band within which it falls. Accordingly, in such a case, the winning premium (insert in numbers)\% \[(insert in words) per cent.\] shall be added on the notified price (or the latest indexed Notified Price, as the case may be) of the supplied grade of non-cooking coal.
\[6\] Note: It is clarified that the winning premium shall be rounded to the nearest second decimal.

Schedule V - Existing & LOA Route FSAs [Refer Clause 5.2.3 (i) & (ii)]

Annexure VII - NRS -Linkage: Auction FSAs [Refer Clause 9.1.3 (i) & (ii)]

Procedure for Third party sampling for non-power sector

1. THIRD PARTY AGENCY (TPA) UNDER DIFFERENT MODES OF SUPPLY

1.1 Third Party Agency for dispatches by Rail / Conveyor Belt / Rope Way / Pipeline

1.1.1 In case of off-take of the Contracted Grade of Coal via Rail / Conveyor Belt / Rope Way / Pipeline, the Purchaser may choose a third party agency to conduct the third party sampling from list of independent third parties provided by CIL from time to time.

1.1.2 The third party agency chosen by the Purchaser shall conduct the third party sampling throughout the Term / Period as applicable, provided that the Purchaser may change (on reasonable grounds) the third party agency chosen by it with prior written approval of the Seller. In the event that the Seller does not accept the request of the Purchaser for change in the third party agency the Purchaser shall have the option to:

(a) terminate the arrangement for third party sampling availed by it hereunder, in which case, the Purchaser shall not be entitled to resume the third party sampling at any time during the remainder of the Term or

(b) to continue the arrangement for third party sampling for the remainder of the Term with the existing third party agency chosen by it.

1.1.3 Third party sampling shall be done at the Delivery Point and the costs in this regard shall be borne equally by the Purchaser and the Seller.

1.2 Third Party Agency for dispatches by Road

1.2.1 In case of off-take of the Contracted Grade of Coal via road mode, the Seller shall choose third party agency to conduct the third party sampling from list of independent third parties provided by CIL from time to time. It is clarified, that the Seller shall have the sole discretion and right to replace, substitute or change the third party sampling agency chosen by it.

1.2.2 The third party agency chosen by the Seller shall conduct the third party sampling throughout the Term / Period as applicable, provided that the Purchaser may make a written request (on reasonable grounds) to the Seller to change the third party agency chosen by the Seller. In the event that the Seller does not accept the request of the Purchaser for change in the third party agency, the Purchaser shall have the option to:

(a) terminate the arrangement for third party sampling availed by it hereunder, in which case, the Purchaser shall not be entitled to resume the third party sampling at any time during the remainder of the Term or
(b) to continue the arrangement for third party sampling for the remainder of the Term with the existing third party agency chosen by the Seller.

1.2.3 Third party sampling shall be done at the Delivery Point and the costs in this regard shall be borne equally by the Purchaser and the Seller.

1. **DETAILED MODALITIES FOR THIRD PARTY SAMPLING**

Modalities for collection, handling, storage, preparation and analysis of coal samples and submission of the analysis results, by the TPA shall be as under:

2.1 **General**

a) In order to commence third party sampling, a tripartite agreement will have to be signed amongst the Seller (First Party), the Purchaser (Second Party) and the TPA (Third Party). The format of tripartite agreement shall be provided by the Seller. Detailed terms and condition of TPA engagement / work including Referee SOP/ sharing of cost of sampling etc. shall be in accordance with Tripartite Agreement.

b) Collection and preparation of samples may be witnessed only by the authorized representatives of Seller and Purchaser. In case the authorized representative of either party is not present or does not witness the sample collection and preparation activities, the said work shall be continued by TPA irrespective of non-witnessing by either party. Absence and / or failure to witness shall not be considered as a ground for disputing the result by either party. At any point of time, only one authorized representative each from Seller’s side and Purchaser’s side shall be allowed to be present during the sample collection and preparation activities.

c) The TPA shall communicate the analysis result(s) of the sample(s) to the Seller and Purchaser within fifteen (15) days from the date of sample collection. The Seller/ Purchaser may raise dispute if any, against the findings of the TPA within seven (7) days after the submission of the analysis result(s), excluding the date of submission of the analysis results by the TPA.

2.2 **Collection of Samples by the Third Party Agency**

Samples of Coal shall be collected by the Third Party Agency from the Delivery Point as follows:

2.2.1 **Collection of samples from loaded wagons (Rail and MGR):**

a) Rake-wise, grade-wise and consumer-wise coal supplied from one Delivery Point shall be considered as one lot, in case of supplies by rail.
b) In case of Coal dispatches through MGR the sample collected from each rake
(source wise, grade wise and Consumer wise) loaded from the respective Delivery
Point during the day shall be pooled together to form a gross sample for the day.

c) Each Rake shall be divided into a no. of sub-lots in a manner that the quantity of
Coal / number of wagons in such sub-lots is more or less equal. One sample shall
be collected from each sub-lot. The number of sub-lots shall be determined as
under:

<table>
<thead>
<tr>
<th>No. of wagons in one Lot</th>
<th>Number of sub lots/ samples</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 30 wagons</td>
<td>4</td>
</tr>
<tr>
<td>&gt;30 wagons up to 50 wagons</td>
<td>5</td>
</tr>
<tr>
<td>&gt;50 wagons</td>
<td>6</td>
</tr>
</tbody>
</table>

d) Each sub-lot consists of one (1) wagon selected as per random table given in IS:
436 (Part I/Section 1) 1964 for collection of sample / increments.

e) In each wagon selected for sampling, the sample shall be drawn from one spot in
such a manner so that if in the first randomly selected wagon, the sample is collected
at one end, in the next random wagon the sampling spot will be in the middle of the
wagon and in the third random wagon, the sampling spot will be at the other end
and this sampling procedure shall be repeated for all subsequent random wagons.

f) Before collecting the samples, the sampling spot will be leveled and at least 25 cm
of Coal from the surface shall be removed / scrapped and the place will be leveled
for an area of 50 cm by 50 cm.

g) About 50 kg of sample shall be collected from each selected wagon in the lot by
drawing 10 increments of approx. 5 kg each with the help of shovel / scoop.

h) Any stone / shale of size more than that specified in Schedule ---- shall be removed
/ discarded from the sample;

i) Samples thus collected from all the selected wagons in a lot shall be mixed together
to form one gross sample per lot.

j) In case live overhead traction line exists in the siding, TPA shall ensure that the
power supply in the overhead traction is essentially switched off before
commencement of sample-collection process from loaded wagons.

2.2.2 Collection of Samples of Coal Dispatches by Road:

(a) Samples shall be collected source-wise and grade-wise on daily basis round the
clock, depending upon the timing of loading at respective dispatch point(s) only
from the trucks of the purchaser(s) who have opted for third party sampling
(“Purchasers Opting for Sampling”) in the manner specified below.
(b) The first sample of Coal shall be collected from the first truck at the Delivery Point belonging to a Purchaser Opting for Sampling. Once a sample is collected from the first truck as stipulated above, samples of Coal shall be collected from every 8th (eighth) truck after the truck from which the first sample has been collected. In the event that such 8th (eighth) truck does not belong to a Purchaser Opting for Sampling, then the next truck belonging to a Purchaser Opting for Sampling shall be deemed as the 8th (eighth) truck and a sample shall be collected from such truck. The same process shall be repeated for every 8th truck thereafter.

(c) The sampling spot at the top of the loaded truck, selected randomly will be leveled and at least 25 cm of Coal surface shall be removed / scrapped from the top and the place will be leveled for an area of 50 cm by 50 cm for collection of sample.

(d) About 30 kg of the sample shall be collected from each truck by drawing 6 increments of approx. 5 kg each with the help of shovel / scoop.

(e) All the samples collected from source wise, grade wise from every 8th truck in accordance with paragraph 2.2.2(b) as above on daily basis shall be mixed together to form a gross sample.

(f) Any stone/shale of size more than that specified in Schedule ---- shall be removed / discarded from the sample.

2.2.3 Collection of Samples of coal from Conveyor Belt / Ropeway / Pipelines:

a) Samples shall be taken lot-wise, grade-wise.

b) The quantity that passes over the conveyor (directly or through rope way / pipeline) in a day (00 hrs to 24 hrs) constitutes one lot, which needs to be divided into a no. of sub-lots for the purpose of sampling. No. of sub-lots to be divided & quantity of gross sample to be collected from sub lots shall be as below:

<table>
<thead>
<tr>
<th>Wt. of the Lot (Tons)</th>
<th>No. of sub-lots/gross samples</th>
<th>Qty to be collected (Kg)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 500</td>
<td>2</td>
<td>100</td>
</tr>
<tr>
<td>501 to 1000</td>
<td>3</td>
<td>150</td>
</tr>
<tr>
<td>1001 to 2000</td>
<td>4</td>
<td>200</td>
</tr>
<tr>
<td>2001 to 3000</td>
<td>5</td>
<td>250</td>
</tr>
<tr>
<td>Over 3000</td>
<td>6</td>
<td>300</td>
</tr>
</tbody>
</table>

For example:

i) If the qty to be passed in a day over the conveyor is 600 tons (which is 1 Lot), then there will be 3 sub-lots and total sample quantity will be 150 kg.

ii) 1 gross sample shall be collected from 1 sub-lot, @ 50 kg per sub-lot. Thus, total 150 kg gross sample shall be collected from 3 sub-lots over the whole day, i.e. from 00 hrs to 24 hrs.
iii) If the conveyor is operated for 15 hours in a day, spacing the collection of 150 kg over 15 hours of conveyor operation, we need to collect 10 kg every 1 hour (qty & intervals can be mutually decided by seller & purchaser depending on the running time of the conveyor and the qty that passes in a day)

c) The belt needs to be stopped at the scheduled time to facilitate collection of the samples manually.

d) While collecting the sample, the scoop should traverse the entire cross-section of the conveyor belt, drawing app 5kg per increment

e) Any stone / shale of size more than that indicated in Schedule ------ shall be removed / discarded from the sample.

f) There shall be one gross sample for the day mixing all the gross samples collected from all the sub lots during a day.

2.3 Preparation of laboratory samples

2.3.1 The gross sample collected at the loading end by the TPA shall be divided into two portions. One portion (one fourth of the gross sample) called Part – 1 shall be used for analysis of Total Moisture and the other portion (three fourth of the gross sample) called Part – 2 for determination of ash, moisture and GCV on Equilibrated Basis.

2.3.2 The Part-2 Sample shall be reduced into laboratory sample. For the general procedure for reduction of gross sample and preparation of moisture sample and laboratory samples, IS : 436 (Part I/Set 1 )-1964 ( latest version ) shall be followed.

2.3.3 Final Laboratory samples shall be in the size of 12.5 mm for determination of Total Moisture and in the size of (-) 212 µ (micron) IS sieve for determination of ash, Equilibrated Moisture (at 40°C and 60% RH) and GCV. Due care shall be taken by the TPA to ensure that the final lab sample is essentially in (-) 212 µ (micron) size before the same is collected from the loading point(s) so that no further sieving or pulverizing is warranted at the laboratory before analysis.

2.3.4 The final pulverized sample shall be divided into four equal parts viz. Set – I, Set – II, Set –III and Set – IV of 500 gms each as detailed below:

(a) Set – I shall be taken by the Third Party Agency to a NABL Accredited Laboratory for analysis of ash, moisture and GCV (on equilibrated conditions' basis at 40° and 60% RH) as per latest BIS Standards (IS: 1350 Part 1-1984) or (IS: 1350 Part-II-1970), as applicable;

(b) Set-II of the sample shall be handed over by the Third Party Agency to the Seller

(c) Set-III of the sample shall (i) in case of mode other than road, be handed over by the Third Party Agency to the Purchaser; and (ii) in case of road mode, be handed over in equal portions to all of the Purchasers Opting for Sampling on that particular day; and
(d) Set - IV of the sample called Referee Sample shall be sealed jointly by the Third Party Agency (TPA) in the presence of the authorized representatives of each of the Parties (in case of road mode other than road) or representatives of each of the Purchasers Opting for Sampling (in case of road mode), as the case may be, and shall be kept in custody of the TPA at the Delivery Point (loading point) under proper and good quality lock and key arrangement. The referee sample shall be retained in double sealed condition (duly signed by the Third Party Agency and the authorized representative of the Parties or the representatives of the Purchaser Opting for Sampling, as the case may be) for minimum 30 (thirty) days from the date of sample collection, beyond which it may be destroyed after necessary details are properly recorded by TPA. For the purpose of Referee Analysis, the referee sample(s) shall be packed and transported by the TPA in a tamper proof manner, to the satisfaction of Seller and Purchaser(s), to the referee lab from the loading points. The Seller and Purchaser(s) can exercise the liberty to accompany the TPA to the referee laboratory at their own expenses.

2.3.5 Samples shall be collected, packed and transported by the TPA to the sample preparation site(s) at the loading points in such a manner so as to make them tamper proof to the satisfaction of both the Seller and Purchaser(s) for which detailed procedure may be worked out at the Delivery Point (Loading Point) jointly by representatives of the Seller, Purchaser(s) and TPA.

2.3.6 In the event that a dispute is raised by the party(ies) within the time period stipulated at paragraph 2.1(c) above, the referee sample shall be analyzed by a government laboratory (other than the Laboratory at which the original sample has been analyzed by a Third Party Agency). The analysis and transportation cost of the referee sample shall be borne by the challenging / disputing parties. The non-disputing party(ies) may witness transportation and analysis of referee sample to the above mentioned government laboratory of their own cost. The findings of such government laboratory, post analysis of the referee sample, shall be binding only on the challenging / disputing parties and the non-disputing parties shall be bound by the findings of the Third Party Agency.

2.4 Analysis of sample(s)

2.4.1 Total Moisture determination shall be done by the TPA at the nearest laboratory of the Seller and remaining tests / analysis for determination of moisture, ash, GCV on equilibrated Basis shall be done by the TPA at NABL-accredited laboratory

2.4.2 Analysis of sample(s) shall be carried out as per latest version of IS 1350 (Part-I)-1984 for determination of Total Moisture, Equilibrated Moisture, Ash and Volatile Matter and as per latest version of IS 1350 (Part-II), 1970 for determination of GCV.
3.0 Records of Samples/ Third Party Sampling

3.1.1 Proper analysis records like electronic print out of the analysis results obtained from the Automatic Bomb Calorimeter, source wise, grade wise and date wise details of coal samples received etc. shall be maintained at the Laboratories where the coal samples are analyzed by the Third Party Agency for identification and reconciliation of the analysis results. Coal samples shall be analyzed only at an NABL Accredited coal testing laboratory.

3.1.2 Monthly statements containing the details of each and every analysis result source wise, mode wise, grade wise and consumer wise finalized during a month based on analysis by a Third Party Agency or referee analysis, as the case may be, shall be prepared by the TPA and submitted to the Seller and Purchaser(s) before the 5th of the following month stating \textit{inter alia}, the quantity of Coal covered against the respective analysis results. Copies of the monthly statement / report shall be submitted by the Third Party Agency to (i) the General Manager (Quality Control) of the Seller or his representative; and (ii) the representatives of the Purchaser (in case of mode other than road) or the representatives of all the purchaser(s) who have requested for third party sampling (in case of road mode), as applicable.

Note: In case of joint sampling, similar procedure for collection, preparation and analysis of coal sample as stated above will remain applicable with necessary changes mutatis-mutandis as illustrated below;

i. Sample will be collected and prepared by Seller’s facilities.

ii. The final laboratory sample will be divided into two parts. First part Set-I of sample will be analyzed by seller and second part Set-II will be kept for referee analysis.

iii. Analysis of the sample will be done in Seller’s laboratory.

iv. Cost of sampling and analysis will be borne by the seller, so there will be no requirement of sharing of cost of sampling between seller and purchaser.

v. Cost of referee sample analysis in a designated Government Laboratory including cost of transportation of sample will be borne by the disputing party.

vi. Purchaser shall associate / witness in throughout the collection, preparation and analysis. However, absence and / or failure of Purchaser(s) to associate / witness shall not be considered as a ground for disputing the process results.
